

As a resident of Grand Junction, CO I appreciate being able to receive the KLOVE FM signal on my radios. The station is inspiring and uplifting and is a big part of my day and positive disposition.

If KLOVE were to be replaced by a LPFM station, I would be deeply upset. I help sponsor KLOVE because it is such a positive station in such a negative world.

People need to hear the positive message KLOVE has to broadcast. It shows there is still good in this world and gives people hope and encouragement in dangerous times. It is free of profanity and is family safe. I search it out on various FM frequencies as I travel across the country.

Please DO NOT displace KLOVE 90.3FM with a LPFM station.
